What may be covered

A qualifying manufacturing defect during the warranty period may be eligible for inspection and warranty service. The store team determines coverage after reviewing the product and proof of purchase.

Common exclusions

• Accidental damage, liquid exposure, misuse, or neglect.

• Normal cosmetic wear and consumable wear.

• Damage from unauthorised repair, modification, or incompatible accessories.

How to request support

Provide the order number or proof of purchase, product name, serial number if available, issue description, and photos or a short video when useful. Wait for instructions before sending a product.

Assistant limitations

The assistant can explain the listed warranty duration and request process. It cannot diagnose hardware, confirm eligibility, authorise repairs, or promise a replacement.
